The choice of the racetrack where the horses have to qualify is made according to the country where they have spent the longest time in training between the 1st of January and the 31 of July of the year in which the Final is held. An exception from this rule will be possible if a horse had participated in a Group I race four weeks before the Eliminatories.

The number of places in the Final shall be distributed in proportion to the number of horses started in the eliminatory races on both Racetracks.

The remaining post positions in the Final are assigned on each Racetrack to the horse coming next in the classification, **having the best absolute time. If still a tie (the same 10th of a second), it will be a draw.**
